

BARNABY IN COLOMBIA

Barnaby Bear from Little Stoke Primary School also went to Colombia and was able to report back to the children about his adventures. With the visit based on music and creativity, he was able to join in some of the activities and make lots of friends.

Barnaby was an instant "ice-breaker" when he appeared out of Mrs Wrights bag, and helped break down any communication barriers very quickly; infact, he kept disappearing and having to be rescued!

The children of Little Stoke were given a presentation of Barnabys adventures and an opportunity to dance and play to some Colombian music, using some of the instruments Barnaby bought back. As you can see, it was great fun!
