

T-BALL FIXTURE

T-Ball was the activity that the special schools had selected for their fixture this term. A game similar to rounders that can be played all year, both inside and out. Unfortunately Culverhill School had to pull out at the last minute due to transport problems, so pupils from New Siblands and Warmley Park met to compete at Warmley Park School on November 28th.

New Siblands arrived in plenty of time for the match and were very excited to be working in another school. Pupils from Class 5 at Warmley Park were very pleased to be selected to play with support from two older pupils.

Both schools played the first match with great style, showing both excellent batting and fielding skills.

All were keen to score as many runs as possible but at the end of the first game both schools were even with 15 runs. A refreshment stop was welcomed by everyone.

Keen again to start the second match pupils took up their position with New Siblands batting.

After a well contested game New Siblands won the match. All pupils can be praised for their team spirit, a thoroughly enjoyable afternoon. My thanks to all staff who supported this event.
